Subject: OP on October 2015 Tiering Requests

This is OP's response to the October tiering actions. OP is assigning staff and requesting involvement in the development of the six New Tiering Requests (3 OAR, 1 OSWER, 1 OW, & 1 Region 8) and one New Split Request (1 OAR) submitted this month. OP's staffing assignments are listed below.

In the spirit of "**One EPA**," please communicate this information to your Workgroup Chairs / Action Leads / Project Managers.

Regarding Tier 3 actions, upon tiering approval each lead office Action Lead / Project Manager is expected to contact the assigned OP representative to:

- explain the program's development plan,
- discuss expectations regarding involvement, and
- come to an agreement acceptable to both parties.

More specifically, the Agency's "**generic side agreement**" (attached) states:

The Lead AA-ship/Regional Project Manager (Workgroup Chair/Action Lead) will:

- Shortly after tiering, consult with the identified representative of the

participating AA-ships/Regions to identify specific interests/areas of concern and/or expertise, and define the level of desired participation, i.e., full participation, reviewer, consultant.
